A. General Provisions

1. Purpose of the Policy

This policy is established to ensure that all clients of QRS Global trade in a fair, transparent, and secure environment, aligned with international best practices.

2. Scope of Application

The Trading Policy applies to all clients, account types, and instruments offered by QRS Global, including forex, indices, metals, oil, cryptocurrencies, and U.S. stocks.

3. Definitions

- **CFD (Contract for Difference):** A financial derivative allowing traders to speculate on price movements.
- **Leverage:** Borrowed capital provided by the broker to amplify position size.
- **Margin Call:** A notification that the equity in a trading account has fallen below the required maintenance margin.

B. Trading Conditions and Operations

1. Trading Platform and Technology

- QRS Global offers trading through MetaTrader 5 (MT5) with dedicated servers in low-latency zones.
- Mobile and desktop applications are supported.
- Expert Advisors (EAs) and APIs are permitted under fair usage.

2. Account Types and Leverage

- **Standard:** Up to 1:1000 leverage, no commission, eligible for bonus
- **Freedom:** Low spread, scalping allowed, no commission
- **Pro:** Raw spread, \$7/lot round turn commission, suitable for professionals
- **Cent:** For beginners, micro lot trading
- Leverage is dynamic and may be adjusted based on equity level, news events, or instrument type.

3. Order Execution and Pricing

- Execution model: STP/ECN for most accounts
- No dealing desk (NDD) model, reducing conflicts of interest
- Variable spreads based on market liquidity
- Slippage may occur, especially during market gaps or high volatility
- No requotes on market execution accounts

4. Trading Hours and Market Sessions

- **Forex:** 24/5 (Mon-Fri)
- **Crypto:** 24/7
- **Indices & Commodities:** According to exchange session times
- Market holiday schedule will be published in advance
- Orders may not execute outside of active trading hours

5. Fees, Swaps, and Commissions

- Commission: Charged only on Pro accounts
- Swap: Applied at rollover unless swap-free is enabled
- Zero fees on deposits; withdrawal fees vary by method
- Inactivity fee may be applied after 90 days of no trading activity

C. Trading Conduct and Risk Management

1. Prohibited Practices

Strictly prohibited trading behaviors include:

- Latency arbitrage, news scalping, or exploiting server delays
- Hedging across multiple brokers
- Internal hedging (between multiple QRS accounts for risk-free gain)
- Abuse of bonuses or wash trading for withdrawal purposes
- Use of high-frequency trading bots that disrupt platform stability
- Exploiting price feed errors or server malfunctions
- EA Trading During News Releases

Violations may result in:

- Cancellation of profits
- Removal of bonuses
- Trade reversal
- Suspension or closure of account

2. Client Responsibilities

- Clients must ensure they fully understand financial products before trading.
- Account security (passwords, device access) is the client's responsibility.
- Monitor equity, margin, and open trades regularly.
- Follow all platform usage guidelines.

3. Risk Warning and Margin Requirements

- CFDs are high-risk products not suitable for all investors.
- QRS provides Negative Balance Protection (except in case of abuse).
- Margin requirements may change during high-impact news or holidays.
- It is the client's duty to maintain adequate margin levels.

4. Breach of Policy and Penalties

- If a breach is suspected:
 - Account activity will be reviewed
 - Support may request additional documentation
 - Enforcement may include suspension or permanent ban
- QRS reserves the right to amend policy in response to regulation or abuse trends
